Xcode download steps (required for CodeBlocks on Mac).

2. Under download “Xcode 4 for free” press Learn more
3. Towards the bottom of the page, press “Compare Developer Programs”.

4. Under “Register as an Apple Developer” press Learn more.
5. Press the “Get Started” button, and proceed through the signup steps.

6. After completing the signup process, you will see the following screen.

7. Press the Continue button, and you will be taken to the Apple Developer Member Center.
8. Press the “Mac” link.

9. Press the “Xcode 3.2.6 and iOS SDK 4.3” link.

10. Xcode will begin downloading. Install it after the download completes. Then Reinstall CodeBlocks.
